

This interactive workshop is part 2 of a 2 part series on Beyond Cribs and Rattles, a research based curriculum developed by Dr. Pam Phelps, that will focus on children 18 to 36 months of age.

You will leave with a working knowledge of how to scaffold the play of the young children in your care, setting up counted play spaces, hands-on sensory activity ideas/demonstrations and best practices.

Participants will receive handouts and knowledge will be assessed by a brief quiz at the end of the class and a follow-up implementation project, as well as questions and answers during the class.

Presented By: Cheryl Madeiros & Janie Richardson, ELC-FG Program Specialists

**DATE:** Tuesday, November 15, 2011
